

Creative Kids Club

Creative Kids Club aims to provide a space for home-educated children aged between 6 and 12 to take control of their learning, as part of a dynamic and mutually supportive group, with adult facilitators.

The facilitators work with the children in drawing out ideas and coming to democratic decisions about the term's content, and provide plenty of creative inspiration and energy.

Respectful communication, conflict resolution and an empathetic approach to emotional issues are at the heart of the group's ethos.

What we do at Kids Club

- Play games
 - Make films
 - Work with clay
 - Draw pictures
 - Make plans together
 - Grow plants
 - Read stories
- ... and lots more
